

## EVERY PARENT WANTS TO SEE THEIR CHILD REACH THEIR FULL POTENTIAL

ICAS gives you, your child and your school deep insight into your child’s true capabilities — assessing the higher order thinking and problem-solving skills needed for success in Writing, English, Mathematics, Science, and Digital Technologies. ICAS participation can improve school performance.

### FROM DATA TO DIRECTION

ICAS reports enable you to:

- Pinpoint your child’s strengths — skills at which they excel
- Identify skill areas to be worked on, either for remediation or skill development
- See the answer your child gave to each question as well as the correct answer
- Track educational performance as your child progresses through school
- Obtain an independent external view of how your child is performing
- See your child’s comparative performance nationally.

**UNSW Global ICAS certificates also recognise student achievement.**
